AOC is a leading global brand in display technology, renowned for its innovative and high-quality monitor solutions. With a diverse product portfolio, AOC caters to a wide range of users, from business professionals and home office workers to passionate gamers. The company's lineup includes cutting-edge professional monitors, versatile home and office displays, and specialised gaming screens. AOC is at the forefront of display innovation, incorporating advanced technologies such as OLED and MiniLED, alongside practical features like webcams, KVM switches, USB-C connectivity and integrated USB hubs. These innovations, combined with AOC's commitment to superior image quality, have made the brand a favourite among both consumers and professionals. AOC's reputation for durability and ergonomic design further enhances its appeal, ensuring user comfort and longevity. The brand's dedication to gaming is exemplified by its AGON by AOC sub-brand, which offers tailored solutions for every level of gamer through its three distinct categories: AOC GAMING, AGON, and AGON PRO, catering to casual players and esports professionals alike.

Products

The sub-brand of AOC, AGON by AOC, offers one of the strongest portfolios of high-performance gaming monitors: AOC GAMING for core gamers, AGON for competitive gamers and AGON PRO for esports enthusiasts and professional esports players.

AOC, established in 1967 in Taiwan, has grown into a global leader in display technology.

As a wholly owned brand of TPV, the world's largest manufacturer of monitors, AOC leverages cutting-edge expertise to deliver innovative, high-quality displays.

Our product range covers professional, home and home office, and gaming monitors. In 2016, we entered the gaming market with the AGON line, rebranding to AGON by AOC in 2021. This move established our three-tier gaming portfolio: AOC GAMING, AGON, and AGON PRO, catering to all levels of gamers from casual to professional.

Our commitment to gaming has made us the number one gaming monitor brand globally and in Europe. We actively support the esports community, sponsoring major tournaments and partnering with teams like G2 Esports.

At AOC, we're dedicated to enhancing visual experiences through innovative technology, stylish design, and user-centric features. Whether for business, home use, or gaming, our monitors offer superior performance and quality, cementing our position as a trusted leader in the display industry.
