We bring the expertise, innovation, and performance of the world's #1 gaming monitor brand to the Small and Medium Business (SMB) market—because precision, clarity, and seamless performance shouldn't be limited to gamers.

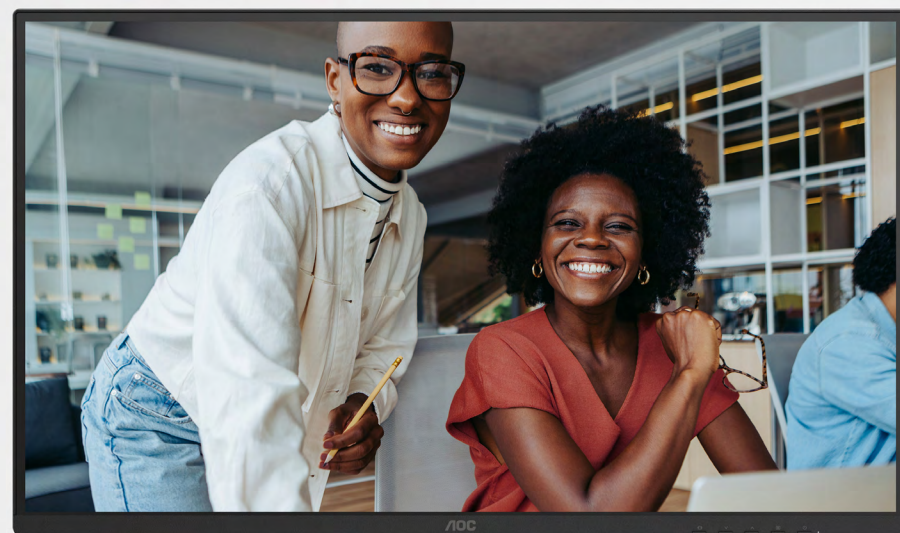

Connect Clearly. Collaborate Seamlessly.

Designed for Modern Workspaces

AOC Built-In Webcam Monitor

Just ready-to-go with built in Webcam and microphone. Features Windows Hello webcam for quick access and enhanced security.

24E4U

Q27P3CW

Stay connected with an integrated **5MP webcam** and **5W speakers**, making video calls and remote collaboration seamless. Plus, AOC's energy-efficient designs help lower power consumption while maintaining top-tier performance.

Built-in speakers

Just ready-to-go with built in Webcam and microphone. Windows Hello Webcam for quick access and better security.

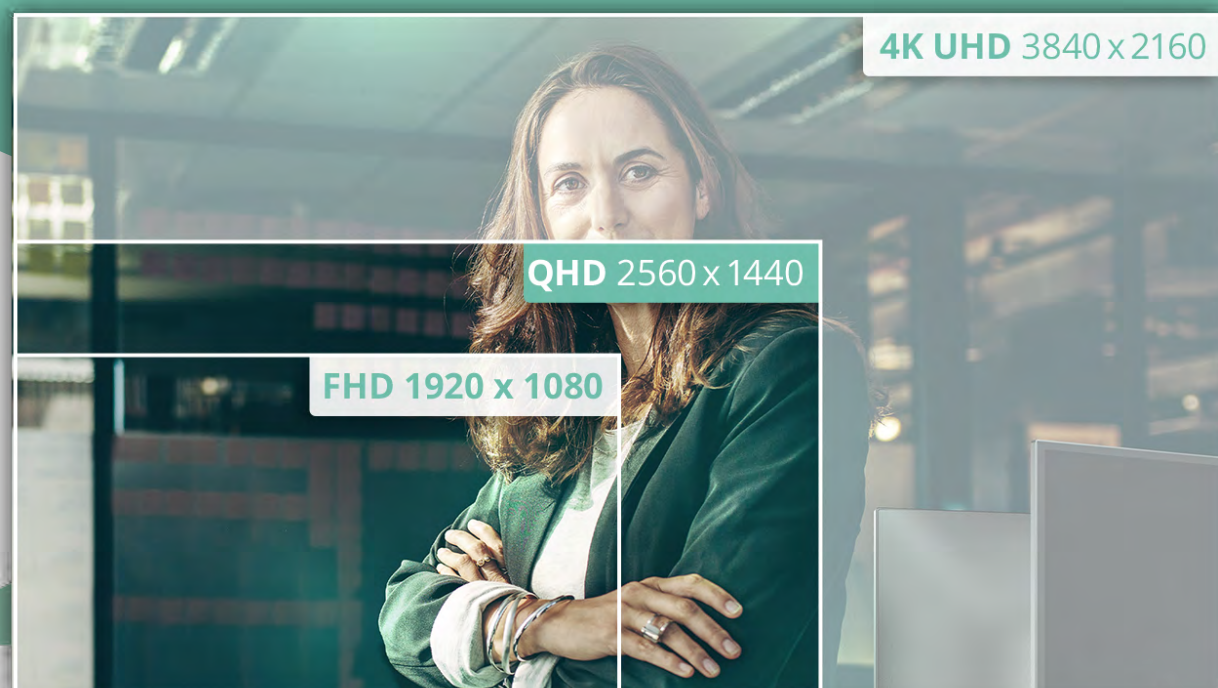

See Every Detail. Create Without Limits. Exceptional Visuals

Experience stunning clarity with QHD resolution on IPS and VA panels, delivering sharp images and accurate color reproduction. Perfect for everything from data analysis to creative projects.

Quad High Definition (QHD) 2560 x 1440 resolution

Quad HD (2560 x 1440) resolution allows you to view more an incredible amount of detail, resulting in visuals that are crisp and vivid. Whether editing photos, videos, or watching movies, Quad HD gives you clarity and quality.

Without IPS

IPS Panel for Wide-Viewing Angles

IPS panel ensures an excellent viewing experience with lifelike yet brilliant and accurate colours. Colours look consistent no matter from which angle you look at the display.

VA panels deliver deeper blacks and vivid, high-contrast images

VA displays deliver 178/178-degree viewing angles while maintaining consistent image quality and colors from all viewing positions. You can also view your spreadsheets or weekend movies from virtually any angle without compromising color uniformity.

CU34P3CV

See Every Detail. Create Without Limits. Smart & Ergonomic Design

Featuring a 150mm Height Adjustable Stand (HAS) with tilt and swivel options, AOC monitors allow users to create a comfortable and ergonomic workspace for all-day productivity.

Q27P3CW

Rotate Your View. Expand Your Possibilities.

The swivel function allows your screen to be rotated 180° from landscape to portrait, which is especially useful for desktop publishing.

Sleek Design with Height Adjustability

An adjustable stand allows for tilt, rotation, swivel and height adjustment to dial in a comfortable and ergonomic viewing experience.

From USB-C to KVM — One Cable Solution

Charge, Connect, and Expand with Ease.

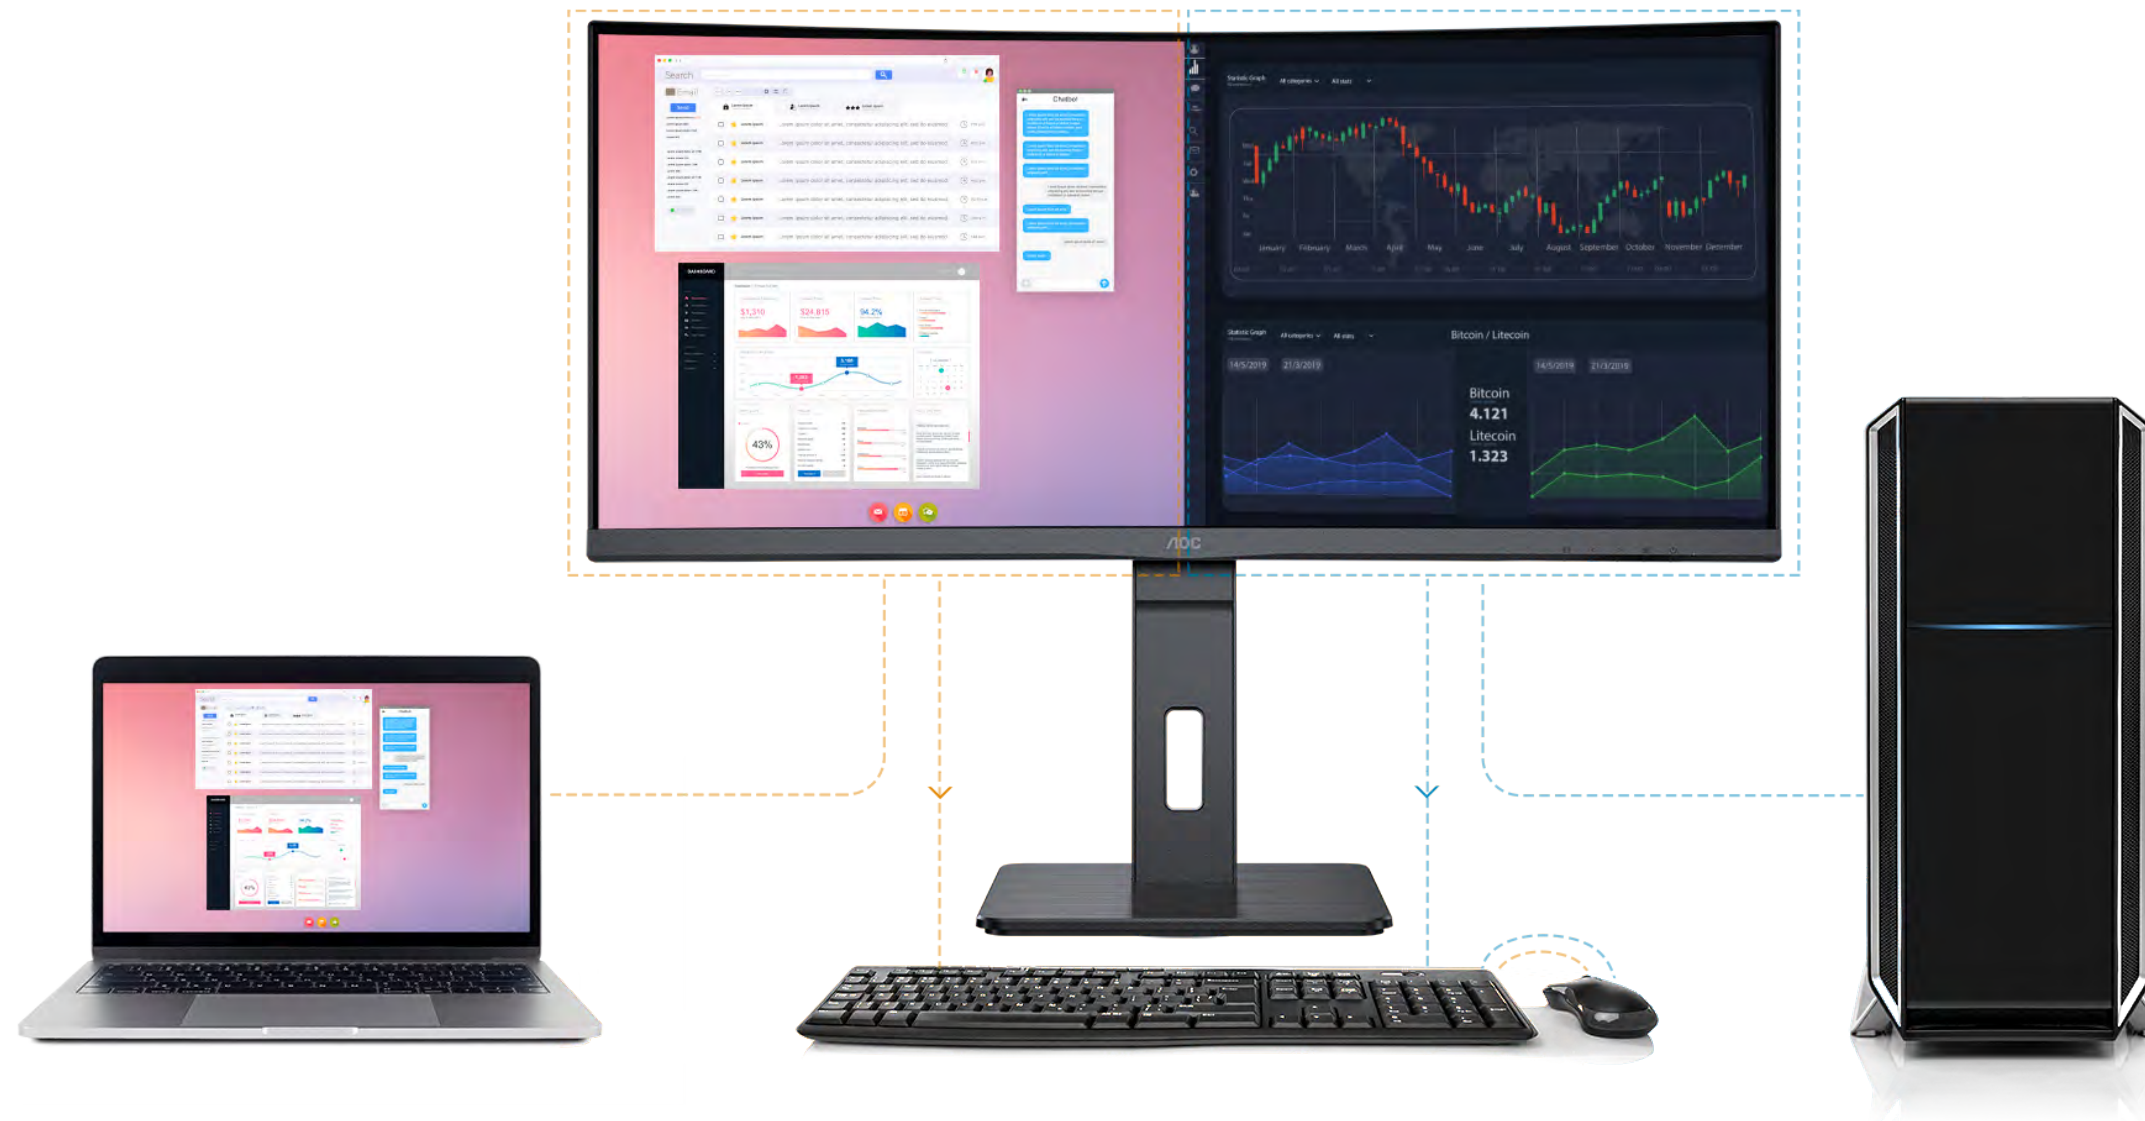

With USB-C docking (including Power Delivery), RJ45 Ethernet, HDMI, and DisplayPort, AOC monitors support flexible connectivity options, ensuring a clutter-free and future-proof setup. Built-in KVM functionality lets you switch between multiple devices effortlessly.

What's USB-C Docking monitor? One cable solution

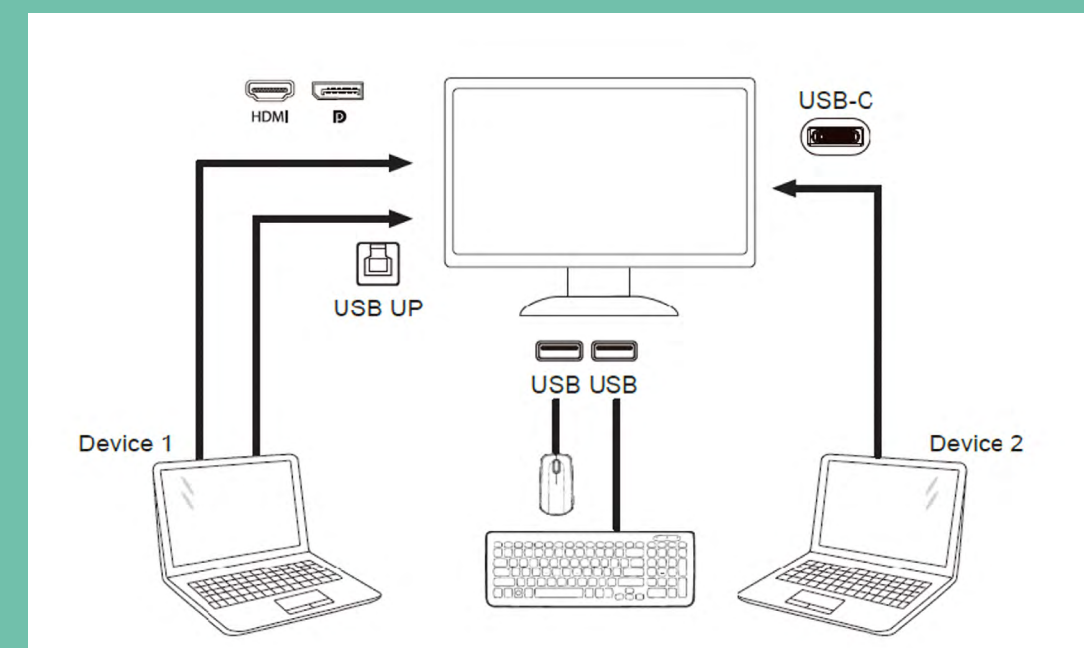

USB-C Docking monitor featuring USB Type-C and Ethernet. With the built in USB Type C port, you can charge and display content through a single cable from your device, enabling connection with your laptop via a single USB cable to keep the workstation tidy while using it as a docking monitor.

Additionally, the Ethernet port can provide fast and stable network connection. You can also daisy chain monitors from the Type-C or DP port. The three sided frameless bezel design lets you enjoy an uninterrupted view of content across multiple monitors.

KVM: Work Across Devices Without Missing a Beat

With KVM function, you can show two PCs, or two notebooks, or one PC and one notebook on one AOC monitor and control the two devices with one set of keyboard and mouse. Switch your control over your PC or notebook devices by choosing input signal source on “Input Select” of OSD menu.

Toggle Between Devices Like a Pro.

High refresh rate for faster work.

Enhanced Productivity

AOC's high-refresh-rate displays with adaptive sync provide smooth performance, reducing eye strain and keeping workflows efficient—whether you're multitasking or working on detailed visuals.

High Refresh Rate: Stay in Flow with a Smoother Experience

High refresh rate monitors aren't just for gaming—they're perfect for professionals too. Enjoy fluid scrolling, reduced screen tearing, and ultra-smooth performance while multitasking, editing documents, or working across multiple windows. The result? Less eye fatigue and a more efficient workflow.

ADAPTIVE
SYNC

Without
Adaptive Sync

Effortlessly smooth action with Adaptive Sync technology

Get fluid, artifact free performance at virtually any framerate with Adaptive Sync technology, smooth quick refresh and ultra fast response time.

Low Refresh Rate

5 Years. Zero Hassle. AOC Monitors TCO Certified Generation 10

AOC monitors with TCO Certified Generation 10 offer more than just exceptional image quality and sustainable design—they come with a standard 5-year warranty that starts the moment you power on.

No registration. No extensions. No hidden costs.

- 5-year warranty included — automatically
- Firmware and security updates for 5 years
- No extra steps or charges
- Designed for sustainability and long-term performance
- Hassle-free support so you can focus on work, not warranty claims

From day one, AOC E4 and P4 monitors with TCO Certified Generation 10 deliver reliable, future-ready performance—built for sustainability, backed by 5 years of coverage, and trusted by businesses that value long-term efficiency.

✓ All-included experience

Everything you need—support, updates, warranty— comes standard. No surprise fees. No activation required.

5 YEAR WARRANTY

✓ Long-term protection

Receive firmware and security updates for five years, keeping your device secure and compliant throughout its lifespan.

✓ Simplified ownership

Say goodbye to paperwork and tracking extensions. AOC's full-coverage model means fewer headaches and a lower total cost of ownership.

Grade Innovation in Your Workday.
